#### FULL EVENT DESCRIPTION:

The Africa Money & DeFi Summit West Africa taking place live 27<sup>th</sup> - 28<sup>th</sup> September 2022 will connect industry leaders from the African fintech and crypto industries with international players.

Network and do business with leading companies in decentralized finance (DeFi), payments, crypto, Web3, digital lending, FX, digital identity, cybersecurity, insurtech, mobile money, investors, start-ups, regulators, and industry stakeholders.

Following a sold-out Nairobi edition at Africa Tech Summit, the West Africa edition takes place in Accra, Ghana, and is not to be missed.

The leading African fintech and crypto ecosystem event will provide unrivaled insight, networking, and business opportunities for anyone in, interested in, and connected to, the African fintech and crypto ecosystem.

With 400+ laser-focused delegates, the two-day Summit will explore the hot topics and latest trends while connecting industry leaders, start-ups, and investors looking to find out more from across West Africa.

Registration is now open: [www.africamoneydefisummit.com](http://www.africamoneydefisummit.com)
